Impacting Education: Transforming Lives of Thousands of Students Worldwide

The “Designing Your Life” process has evolved through rigorous research at Stanford’s Design Your Life Lab (d.life).

This Lab teaches courses, offers programs, and conducts research that applies Design Thinking’s innovation principles to life, education, and career challenges.

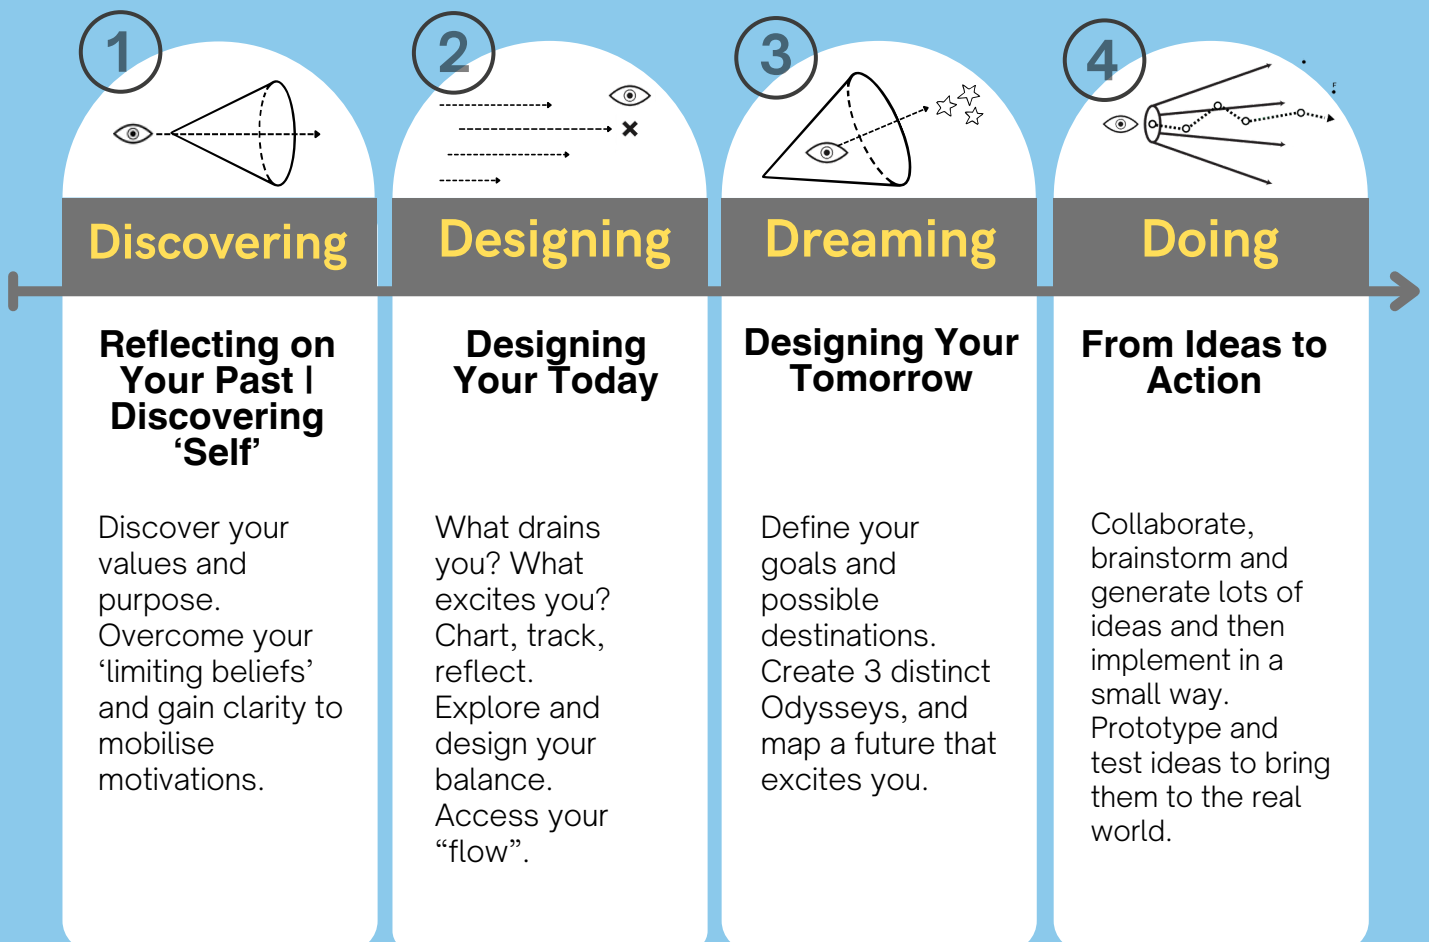

Watch a 3-min trailer to the DYL framework

DESIGN THE MOST
IMPORTANT PROJECT
OF YOUR LIFE :
YOUR LIFE!

Framework validated for
over 15 years.

Based on **Design Thinking** and
informed by Behavioural Science,
Positive Psychology and
Philosophy.

Programme Journey

When you design something, you change the future.

Programme Outcomes:

- Build your **Personal Compass**.
- Develop a “**Designer’s Mindset**”.
- Unleash **Creative Confidence**.
- **Get unstuck**. Get moving.
- Envision your **Multiple Futures**.
- Turn **Ideas to Reality**.
